

First Grade Digital Plan

May 11, 2020

Dear Parents,

For Science this week, your child can access a NearPod lesson on sound. Go to join.nearpod.com or nearpod.com, or use the app. Enter the code XRWVC to access the lesson. If you don't have a mic on your device don't worry about it. Just say out loud what your answer is.

In May, after End of Level Tests, we usually do our Jr. Achievement lessons. These are lessons on finances. Usually this is a delightful time when a parent comes in to teach these lessons. Of course that is not an option this year. We are providing you with a link so you can access the lessons on line. Here are the links that should take you to a page where you can find the lessons for every grade. It takes a minute to download the videos into your systems. [K-5 YouTube Video Resources](#) or [JA K-5 Online Resources](#)
Grade 1 is "Our Families". You can do one lesson a day or one a week. You decide the pace.

Please work on the following programs daily for 20 minutes each:

- 1) ST Math, **Your child must back arrow at the end of ST Math until they get to the bubble report or their work will not be saved.** If your child has finished ST Math, they can do Imagine Math Facts instead.
- 2) Pearson EasyBridge and then Imagine Math (20 minutes for both combined) We are aware that many of the activities will not open in EasyBridge Math. If you cannot get EasyBridge to open, just spend all the time in Imagine Math.
- 3) ConnectEd/McGraw-Hill

4) Waterford. Please work on Waterford until your child comes to a STOP sign (approximately 20-25 minutes). If your child has finished Waterford, they can start doing Imagine Literacy instead.

We will be able to monitor your child's progress.

Instructions to access Clever

You will need to go to 1) Adelaide's Home Page 2) **Parents** and Students 3) Student Resources.

You can then access Waterford, McGraw-Hill/ConnectEd, ST Math, Imagine Math (Imagine Learning), and Pearson EasyBridge. When you are prompted to enter the email, you will need to enter your child's full email that ends with @go.dsdmail.net.

Instructions to get into McGraw Hill

- 1) Go into Clever (the same as for Waterford and ST Math)
- 2) Click on the red McGraw Hill button
- 3) Click on the bottom icon (Wonders Grade 1)
- 4) Click on the green circle, top left, by the squirrel
- 5) The first activity is highlighted on the left
- 6) Click on the actual activity on the far right in the little box
- 7) Do the activity
- 8) X out
- 9) Click on the submit button in the middle
- 10) Go to the next activity and repeat

Instructions to get into EasyBridge Math

1. Go into Clever (The same path as for Waterford and ST Math)
2. Click on Pearson EasyBridge.
3. Click on the bottom line: Investigations 3 Common Core Grade 1
4. Click on the middle circle labeled Classes
5. Work on the tutorials and pages that are assigned for today's date.

6. If eText & Tools is showing - push hide to make the page easier to navigate.

Thank You,
First Grade Teachers,
Mrs. Burk, Mrs. Butler, Mrs. Furmanski
