

March 23-27 Learning Outline

All details/instructions are in Teams. This is just an outline of the weekly course work.

Language Arts:

Monday: Where in the World Am I

Tuesday: Tools of the Explorer's Trade

Wednesday: Out of This World

Thursday: Author's Point of View

Friday: Selection Test and Vocabulary Test

Math:

Monday: Review Area of Polygons

Tuesday: Area of Polygons Test

Wednesday: 3-D figures to Nets

Thursday: Surface Area of a Rectangular Prism

Friday: Surface Area of a Triangular Prism

Science:

Monday: Parasitism/Commensalism Nearpod

Tuesday: Snowy Owls & Lemmings Nearpod

Wednesday: Ants & the Acacia Tree video & quiz

Thursday: Organisms Interactions practice

Friday: 6.4.2 Quiz

Social Studies:

- Country Report: Animal Paragraph

- Studies Weekly: Week 23 Age of Exploration
 - Read all articles
 - Answer questions after articles
 - Watch videos
 - Take quiz

*Helpful hint: Remember, it's an "open book" quiz so it would be smart to open up 2 browsers. One browser for the quiz, another browser to go back and find answers throughout the articles you've already read.

**We won't know if you've finished the quiz or not: Please email if you'd like a 'reset' in order to retry the quiz. (Limit to 1 reset)

Daily Practice Assignments:

- Watch CNN 10 and enter 3 facts learned from the episode
- 30 minutes of ST Math, Ratio Rumble or other Cool Math Games
- 15 minutes of Edutype
- 30 minutes of Personal Reading
